

# GERA

## GeraFold 500

The new **GeraFold 500** is a fully integrated on-line system with the **HP PageWide XL 5000, XL4500 and XL4000** operating in a minimal space and matching the productivity of the printer  
Available in 4 configurations

- **Fan Fold operation:**

*GeraFold 500 and GeraFold 500S*

- **Fan & Cross Fold operation:**

*GeraFold 500X and GeraFold 500XS*

## GeraFold 500, compact on-line folders for HP PageWide XL

- **Minimal space requirement (1,30 m<sup>2</sup> footprint)**
- **Wide selection of folding programs including**
- **Precise, reliable and easy to be used**

Minimal space for a cost effective investment in a productive and precise folding system!

*GeraFold 500XS*

### Unique Gera Compact Technology

**Gera's Compact technology** avoids the need of a hardware bridge to handle the different printer/folder speed. This unique Design makes this folding solution a great advantage in terms of space and investment.

### High volume operations

**GeraFold 500** combined with HP Page Wide XL is **productive and precise**. The synchronized folding process is handled while printing assuring the full productivity of the system. **The reliability** of the folder allows facing intensive folding operations.

### Full on-line System

GeraFold 500 is **specifically designed** to operate with HP PageWide XL printer as an **integrated system easy to be used and maintained**. The selection of a complete folded job can be easily handled from the HP SmartStream software, the printer touch screen, the driver and the scanner.

### Additional features

- Patented dry system to allow **immediate folding of high density ink prints**
- Large **capacity** of folded output
- **Off-line folding** capability (GeraFold 500XS/500X)
- Front **Stacker** to collect unfolded documents
- **Unlimited fan folding length** (option)
- Panel & margin adjustment by 0,1 mm through **touch screen**
- **12 months Gera warranty**

*Excellent fold precision*
