## EXCALIBUR 5000

The unique Excalibur 5000 features two cutting heads offering four cutting tools mounted for instant selection. The integral counterbalance ensures an easy glide cutting action, prevents damage when loading sheet materials, minimizes operator fatigue and increases production. Second only to the new exceptional Keencut SteelTraK the Excalibur 5000 has more advanced features than any competitive vertical cutter. Continually upgraded since its introduction in 1996 Excalibur is ideal for applications where the high performance of the SteelTraK is not required.

## EXCALIBUR 1000X & 1000XE

The unique Excalibur 1000x series vertical cutter features a single sliding counter-balanced head with 3 cutting and scoring tools ready for instant use. Equipped to cut Glass - PVC Foamboard - Honecore - Cardboard - Acrylic (Plexi) - Xanita and many more semi-rigid materials the Excalibur X will cut 163cm and the Excalibur XE will cut 200cm. With a rigid clamping system, a set-for-life squaring mechanism and the standard wall mounting or optional free-standing kit the Excalibur 1000X and XE provide a noiseless, dust-free and cost effective cutting solution for many of the materials used in a modern sign or graphic workshop.

### Will Cut...

MDF up to 3mm; Glass & Acrylic up to 6mm; PVC Foamboard, Foam-Centred Board, Corrugated Plastics & cardboard up to 13mm and much more...

Ultimat Gold

The Ultimat Gold is quite simply the most technically advanced, versatile and easy to use manually operated mat cutter in the world. Built to exacting standards the precision engineered ULTIMAT GOLD will meet the requirements of the most skilled and creative picture framer year after year. The Ultimat Gold bench mounted mat cutter is tough, precise, built to last and exceptionally comfortable to use. The extra wide aluminium baseboard with integral grid markings will not warp, bend or break. The Ultimat Gold cutter head is fully adjustable to ensure no sideways play and the ingenious production stops guarantee zero overcuts or undercuts. The Ultimat Gold accepts a range of instant fit options to make it the most versatile mat cutter in the world.

The Artist Plus is a superbly designed straight mat cutter that will fully meet the demands of the serious amateur, picture framer, artist and photographer. With years of experience building the most advanced mat cutters, Keencut engineers have created an exceptional machine capable of producing professional quality mats without the professional price tag.

Certainly the finest mat cutter in its class the Artist Plus offers many of the features and functions of the world beating Keencut Ultimat Gold. Created for the quality conscious framer who does not need the speed and versatility vital to a commercial framing enterprise the Artist Plus is excellent value for money.

Artist Plus

Safety Edge

The Keencut Straight Edge, in silver anodised aluminium, is a superb straight edge for use in marking, drawing, pen-lining, scoring or cutting. In fact it can be used with all types of hand-held tools where accuracy is required. The Keencut Straight Edge is strong, precise and portable and comes fitted with two full-length grip strips to steady the straight edge and protect sensitive surfaces.

Safe to use the straight edge has an integral finger guard and a full-length stainless steel bead to resist wear to the edge and the tools.

The Keencut Straight Edge is available in eight convenient sizes from 45cm (18") to 180cm (72").

All Keencut products are 100% Manufactured by Keencut technicians in Corby, England  
99.998% of source materials are made in the UK and EU
